2026

TEACHER'S MESSAGE

Dear students, remember that you are not just learners sitting in classrooms; you are the creators, explorers, problem-solvers, and future changemakers of the world. Every question you ask, every challenge you face, and every creative idea you share is a step towards something extraordinary.

This month, let us challenge ourselves to THINK beyond textbooks, LEARN beyond classrooms, CREATE beyond imagination, and SHINE beyond expectations!

Don't be afraid to make mistakes, because mistakes are stepping stones to discovery. Don't wait for opportunities; create them. Be curious like scientists, creative like artists, courageous like leaders, and kind like true human beings.

Our October Challenges: Learn something new, help someone selflessly, try something you have never done before, and make every day meaningful!
Let your ideas fly, your confidence grows, and your actions inspire others.
Dream It. Explore It. Create It. Achieve It!

THOUGHT OF THE MONTH

"DON'T JUST FOLLOW IDEAS, CREATE NEW ONES.
EVERY SMALL THOUGHT CAN BECOME A BIG ACHIEVEMENT!"

THINK CREATIVE. STAY CURIOUS. KEEP GROWING!

CELEBRATIONS

VIJAYADHASMI

Vijayadashami was celebrated with devotion and joy through a special Pooja at our school. We were delighted to welcome new students who joined us on this auspicious occasion. The day marked a beautiful beginning filled with blessings, happiness, and new learning opportunities!

YOUNG SPEAKER ARENA

Our Young Speakers' Arena gave students a chance to express their thoughts and ideas confidently. Students of Grades I and II participated in a storytelling activity with great enthusiasm. Students of Grades III to VIII took part in speech activities and spoke confidently on different topics. These activities helped to improve their speaking skills, creativity, and self-confidence.

LITTLE VOICES, BIG DREAMS, BRIGHT FUTURES!

KG parents enjoyed engaging activities, while parents of Grades I to VIII met teachers to discuss their children's progress and development.
