VICE PRINCIPAL'S MESSAGE:

"Books will be the only true magic"

Now a days most of us are not reading books. Actually it expands vocabulary, enhances communication & provides a vital escape from stress while promoting relaxation and focus.

It stimulates the brain, improving memory. It enhances critical thinking and analytical thinking. As students you have to develop these skills to face the future.

THEME HIGH LIGHT:

Nature gives us everything we need—fresh air, clean water, food, and a beautiful place to live. But pollution, cutting down trees, and wasting resources are harming the Earth. As students, we can help by planting trees, recycling, and using less plastic. Learning about nature helps us understand why it's important to protect it. Even small actions, like turning off lights or not littering, make a big difference. When we care for nature, we also care for our future. Let's work together to keep our planet safe and green!

SCHOOL HIGHLIGHTS

ACHIEVEMENTS:

Our students have successfully achieved a World Record in Bharatanatyam under the event titled "Nataraja Narthanam", organized by Shri Sivaya Rudhran Natiyalaya in collaboration with SAS Events, held at Kailash Maansarovar School.

SPORTS:

Our school student Master P.Akash participated in the zonal-level 400 mts race and he secured second place. Our Principal Madam honored him with a medal and certificate in the assembly.

BIRTHDAY:

Our student S.R.Mohammed Ayaan from UKG A celebrated his birthday by giving a sapling to school.

Wishing a very Happy Birthday to R. Mohammed Ayan!

May your day be filled with joy, laughter, and wonderful memories.

CELEBRATIONS:

DOCTOR'S DAY:

To celebrate Doctors' Day, Aggarwal Hospital visited our school to conduct free eye check-up for students from Grade I to X. Our KG students also dressed up as little doctors, making the day fun and special. It was a great way to learn about health and thank our doctors for their dedication!

FAMILY DAY CELEBRATION:

Our KG students had a wonderful time celebrating Family Day with their grandpa and grandma. The little ones enjoyed fun games, songs, and stories, making the day full of smiles and love. It was a special way to honor the warmth and care that grandparents bring to our lives.

KAMARAJAR'S BIRTHDAY:

Students performed a lively skit highlighting the life and achievements of K. Kamarajar. The play showcased his dedication to education and leadership. It was a great way to learn and honor his inspiring legacy.

SPEECH COMPETITION:

Students from Grades III to VIII took part in an exciting speech competition at our school. They expressed their ideas clearly and impressed everyone with their enthusiasm. The competition helped to build confidence and improve their speaking abilities.

BAGLESS DAY ACTIVITY:

Our KG students enjoyed a fun Bagless Day filled with games, stories, and creative activities. Without their bags, they engaged in hands-on learning and play, making the day exciting and different. It was a great way to explore and have fun together!

FIELD TRIP :

Students from Grades III to X visited Jamuna Palkova, a pickle factory, and a horticulture center to learn about food processing and farming. Meanwhile, our younger students from Grades I and II enjoyed a fun day at Avathanipatti Children's Parks, exploring nature and playing games. These trips provided a great mix of learning and fun for all!

INVESTITURE CEREMONY :

We had Investiture Ceremony to provide titles and responsibilities to the students, to take charge of the school and to take it to the height they desire with their leadership and decision making skills, communication and teamwork. The ceremony was a perfect amalgamation of tradition and culture. The students were beaming with joy.

TEACHER CORNER:

Excellence through Dedication

As we stepped into July, our classrooms have come alive with fresh energy and purpose. This month, our teachers have been committed to setting high standards and guiding students toward excellence—academically and personally.

PARENT CONNECT:

A Parent-Teacher Meeting (PTM) was conducted for Grades I to X to discuss students' academic progress and overall development. Parents actively participated and interacted with teachers to strengthen the school-home partnership for better learning outcomes.

FUN & FACTS ZONE:

FACT ZONE:

Honey never spoils — archaeologists found pots of honey in ancient Egyptian tombs that are still edible!

The Eiffel Tower can grow taller in summer — it expands due to heat.

A day on Venus is longer than its year!

FUN CORNER:
