TEACHER'S MESSAGE:

Gratitude means saying thank you, it is about being happy for what we have, when we feel grateful, we notice the good things in our lives. This can be our family, friends, or even our toys. Saying thanks make others feel good too. We can show gratitude by helping others or sharing what we have .It is important to practice gratitude every day .We can think of three things that we are thankful on every morning. This helps us start the day with a smile. Gratitude makes us feel better and helps us enjoy our lives more. Gratitude attracts more things to be grateful for. Let us be grateful for all the blessings in our life
